Five Elements

* 1. It should provide sufficient opportunity to meet the Eagle Scout service project requirement:

3. Safety issues will be addressed:

You must show you have an understanding of what must be done to guard against injury, and what will be done if someone does get hurt.

 4. Action steps for further detailed planning are included:

You must make a list of the key steps you will take to make sure your plan has enough details to be carried out successfully.

Solution 5. You are on the right track with a reasonable chance for a positive experience.

Special note regarding the Eagle Scout Application

Please pay close attention to the **CERTIFICATION** following **<u>Requirement #6</u>** on the reverse side of the Application.

Life Ambition and Leadership essay

An Eagle Scout Application is not complete without this information and it will cause a delay in the application being processed.

Signatures and Approvals

Prior to submitting the application to Council be sure that the following is completed.

-Application is signed by the <u>Scout</u> the <u>Unit Leader</u> and <u>Committee Chair</u>.

-Unit committee reviews and approves the records of the Eagle Scout Candidate.

If unit leader and/or committee signatures are missing this may delay the Eagle Candidates Final Board of Review

Helpful Hint

Do not wait until the last minute to verify merit badge dates. Start this process while you are still working on your project to allow the Troop Committee Advancement Chair to obtain any missing information. You do not have to earn all Merit Badges before starting the project, but it helps.
