

Using the Pecatonica River Online Sale System

Pecatonica River uses an Online Sales System that allows Scouts to sell Popcorn and other snacks to friends and family anywhere in the country. This is a great way for your Scouts to grow their Popcorn Sale. Products in the online sale include some of the same products sold locally as well as coffee, chocolate products, pretzels, and more. You can check out the full store at <https://prpopcornstore.3dcartstores.com/shop-products>.

In order for Scouts to sell online, the Unit Kernel needs to register with the Pecatonica River Popcorn System and add their Scout(s). Once added, Scouts will be assigned a Seller ID number and will be emailed tools to help promote their sale electronically. This information sheet has been put together to help Unit Kernels set up their unit and to illustrate the tools that Scouts can use to contact friends and family and make sure that they get credit for the sale.

Unit Set Up for Online Selling

Step 1: The Unit Kernel needs to go to:

<https://pecatonicariverpopcorn.com/login.php>.

From here, click “Create Unit Profile” under the Sign-Up block.

The proceed to select “District,” “Unit Type,” and “Unit Number.” If your unit does not appear on the list, please contact Brian DeBease at brian.debease@scouting.org.

The form contains several fields: 'Council Key' (text input with '544NBOF'), 'Council' (dropdown menu with 'New Birth of Freedom Council'), 'District' (dropdown menu), 'Unit Type' (dropdown menu), and 'Unit' (dropdown menu). Below these are fields for 'Username', 'Password', and 'Confirm Password'. At the bottom, there are fields for 'First Name', 'Last Name', 'Address', 'City', 'State', and 'Zip'.

Step 3: Once you select “Next” you will be signed into the Popcorn System. If your unit has placed a Show and Sell order, you should see that information here. To get your Scouts started for online sales, click the blue button for “Scout Seller IDs.”

Step 4: You will need to Add each selling Scout. You will need their First Name, Last Name, and a Parent’s Email Address. Once you complete these 3 fields and click “Add” a seller ID will be generated and an email will be sent to the email address with instructions.
